

RIODD 2025 Conference: Navigating Conflicts and Convergences: Unraveling the Dynamics of Social Acceptability in Socio-Environmental Transitions

Submission Guide

For any questions, please contact:
<https://riodd2025.sciencesconf.org/>

Several types of submissions can be made on the website:

- **Thematic session submission (until March 4, 2025)**
- **Oral communication submission (from April 4, 2025, to May 23, 2025)**

Thematic Session Submission

It is possible to propose **thematic sessions** related to the Conference theme (or related to the general theme of RIODD, namely the links between organizations and sustainable development). The call for thematic proposals is open until March 4, 2025.

You should use the Thematic template. To submit a theme, please follow these steps:

Step 1: Go to the "Submit a thematic session" tab to download the appropriate form.

Step 2: You have two options:

⇒ Send your proposal directly by email to **riodd2025@sciencconf.org**

Or

⇒ **Click on "Login" to connect to the site. You can create an account on sciencesconf.org and you will receive a validation/activation email immediately. In case of a forgotten password, you can request a reset by clicking on "Forgot password?" and following the instructions.**

Once logged in, go to Connected Space > My Deposits and click on "Submit an abstract" and follow the site instructions.

There are 4 steps:

- Indicate the title of the submission and its type (here, thematic)
- Indicate the authors and their affiliations
- Upload the file containing your proposal following the template provided on the site
- Validate the summary

You will then receive a confirmation email.

Communication Submission: Oral Communication or Poster

Specific calls for communications for thematic sessions will be posted on the congress website and disseminated like the general call for communications from **April 4, 2025, to May 23, 2025**.

Any communication proposal outside thematic sessions, related to the call for papers or to the general themes of RIODD, will be considered. The congress thus offers a thematic orientation that is not exclusive.

To submit a communication, you must log in to your sciencesconf.fr account or create one.

Then, follow these steps:

Step 1: Go to the "Submit a communication" tab to download the appropriate form.

Step 2: Click on "Login" to connect to the site. You can create an account on sciencesconf.org and you will receive a validation/activation email immediately. In case of a forgotten password, you can request a reset by clicking on "Forgot password?" and following the instructions.

Once logged in, go to Connected Space > My Deposits and click on "Submit an abstract" and follow the site instructions.

There are 4 steps:

- Indicate the title of the submission and its type (here, communication)
- Indicate the authors and their affiliations

RIODD 2025 Submission Guide - Toulouse

- Upload the file containing your proposal following the template provided on the site
- Validate the summary

You will then receive a confirmation email.

The Scientific Council's decision will be notified to you on July 4, 2025.
